DESIGNING AND BUILDING THOUGHTFUL ATTIRE

Determine what shapes make you feel comfortable and happy, and which feel foreign and wrong for you.

INSTRUCTIONS

Below, we've created a matrix of elements that might effect various garments. In each box, rate how you feel while wearing this shape on a scale of 0-10. 0 means you hate wearing this type of shape. 10 means you feel happiest in this shape. 5 means neutral.

Don't over think it. Your answer to many of these will likely be "it depends." Try to just go with your gut as you think about each aspect individually. Remember that this is mainly a warm-up to get your brain working and thinking about your preferences, you don't need to have a definitive or perfect list.

0 - I HATE WEARING THIS
5 - I AM NEUTRAL ABOUT WEARING THIS
